Alton Town Warrant
State of New Hampshire

To the inhabitants of the Town of Alton, in the County of Belknap, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, the eleventh day of March next, at nine o'clock in the forenoon, to act upon the following articles:

1. To choose all necessary Town Officers for the ensuing year, and to elect a Selectman for three years, one Library Trustee for three years, one Water Commissioner for three years, and one Fire Ward for three years.
2. To see what sum of money the Town will vote to raise and appropriate to pay all necessary charges of the Town for the ensuing year.
3. To see if the Town will vote to raise and appropriate a sum not to exceed \$5,500 for the purpose of rebuilding and re-surfacing with Tarvia the town gravel roads, so called, and to authorize the Selectmen to borrow against the credit of the Town the said amount on long term notes or bonds.
4. To see what sum of money the Town will vote to raise and appropriate for the repairs of highways and bridges for the ensuing year in addition to that required by law.
5. To see what sum of money the Town will vote to raise and appropriate for the removal of snow from the town highways for the ensuing year.
6. To see what sum of money the Town will vote to raise and appropriate for the purchase of Tarvia and the application of the same.
7. To see if the Town will vote to raise and appropriate the sum of \$1,571.47 provided the State will contribute the sum of \$10,476.50 for Class V roads, so-called.
8. To see if the Town will vote to authorize the Selectmen to borrow monies in anticipation of taxes.
9. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Public Library.

10. To see what sum of money the Town will vote to raise and appropriate for patriotic exercises on Independence Day.
11. To see what sum of money the Town will vote to raise and appropriate for the decoration of Soldiers' graves.
12. To see if the Town will vote to raise and appropriate the sum of \$843.44, which is 1/100th of 1% of the assessed valuation of the Town, to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the town.
13. To see if the Town will vote to raise and appropriate the sum of \$1,200.00 to the Alton-Alton Bay Chamber of Commerce for the purpose of publicizing and promoting the natural advantages and resources of the town.
14. To see if the Town will vote to raise and appropriate the sum of \$250.00 for spraying trees along the town highways.
15. To see if the Town will vote to raise and appropriate the sum of \$200.00 to be expended under State supervision for the control of White Pine Blister Rust.
16. To see if the Town will vote to raise and appropriate the sum of \$1,050.00 for the control of Dutch Elm Disease.
17. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 to be used for the control of the Gypsy Moth.
18. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the support of the Huggins Hospital at Wolfeboro, New Hampshire.
19. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the support of the Lakes Region General Hospital at Laconia, New Hampshire.
20. To see if the Town will vote to raise and appropriate the sum of \$6,100.00 for Parks and Playgrounds, including band concerts.
21. To see if the Town will vote to raise and appropriate the sum of \$200.00 for Civil Defense.
22. To see if the Town will vote to raise and appropriate the

sum of \$5,720.00 as a salary for the Bookkeeper.

23. To see if the Town will vote to raise and appropriate the sum of \$4,788.00 for phone service for Fire and Police telephones.
24. To see if the Town will vote to raise and appropriate the sum of \$895.00 for the support of the Lakes Region Mental Health Center at Laconia, New Hampshire.
25. To see if the Town will vote to raise and appropriate the sum of \$2,050.00 for the purchase of the Boston and Maine Railroad bed from the State of New Hampshire from the Mt. Major entrance to the West Alton area, approximately 2.8 miles.
26. To see if the Town will vote to raise and appropriate the sum of \$14,600.00 for the purpose of constructing new rest rooms at Alton Bay and to authorize the Selectmen to borrow the said amount against the credit of the town on long term notes or bonds.
27. To see if the Town will vote to authorize the Selectmen to apply, negotiate and do all other things necessary to obtain such Federal, State or other assistance as may be available in the construction of a water supply system and pass any vote relating thereto.
28. To see if the Town will vote to raise and appropriate the sum of \$260,000.00 for the purpose of financing and constructing water supply facilities, including water mains, storage tanks, and such other related facilities inclusive of land acquisition, easements and rights of way as are required, such sum to be raised by the issuance of not exceeding \$260,000.00 in serial notes or bonds under and in compliance with the provisions of the Municipal Finance Act (Chapter 33 of the New Hampshire Statutes Annotated 1955 and any amendments thereto) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiations, sale, delivery of such bonds, or notes as shall be in the best interest of the Town of Alton, and pass any vote relating thereto.

29. To see if the Town will vote to raise and appropriate the sum of \$400.00 for the purpose of financing a portion of the town's share in the cost of the development of a Regional Planning Program for Belknap County and appropriate contiguous communities.
30. To see if the Town will vote to authorize the Selectmen to apply, negotiate and do all other things necessary to obtain such Federal, State, or other assistance as may be available in the construction of a sewerage disposal system, and pass any vote relating thereto.
31. To see if the Town will vote to raise and appropriate the sum of \$1,900,000.00 for the purpose of financing and constructing a municipal sewage disposal system, including sewage interceptors, pumping stations, treatment works, and such other related facilities inclusive of land acquisition, easements and rights of way as are required, such sum to be raised by the issuance of an amount not to exceed \$1,900,000.00 in serial bonds or notes under and in compliance with the provisions of the Municipal Finance Act, (Chapter 33 of the New Hampshire Statutes Annotated 1955 and any amendments thereto) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Alton, and pass any vote relating thereto.
32. To see if the Town will vote to authorize the Town Clerk to issue in its behalf the certificate of failure on the part of the Planning Board to take action as of foresaid in Section 36-23 Revised Statutes Annotated.
33. To see if the Town will vote to establish a Conservation Commission for the promotion and development of the natural resources, and for the protection of watershed resources of said Town.
34. To see if the Town will vote to accept the Mt. Major Grange Hall from the Mt. Major Grange, Incorporated, said building to be used as a public community building for the residents of the Town of Alton.

35. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for the purchase of a police cruiser.
36. To hear the reports of agents, auditors, committees or officers hereinbefore mentioned chosen and to pass any vote relating thereto.
37. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 21st Day of February 1969.

Report of Forest Fire Warden and District Chief

People cause fires. Our records show that the number of fires increase in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young the lighted match is an adventure, burnt fingers and a dropped match is another fire. A little older we like to have a woodland cookout, or go out by ourselves for a smoke but fire and forests get together for another statistic. We adults like to clean up in the spring, burn the old debris and the dead grass, result—escaped fires and much personal expense.

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yards of our villages' streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn—
 - a. You need a written permit from the town fire warden for all debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
 - b. The warden is forbidden by regulation to allow burning of household rubbish on grass by householders between 9:00 A.M. and 5:00 P.M.
 - c. Have equipment on hand to control the fire before you light the match.

4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

Forest Fire record for 1968:

Number of Fires and Woodland Burned in 1968

	Fires	Acres
State	593	349
District	47	63
Town	1	$\frac{1}{8}$

Permits Issued 137

Ivan E. Scranton
District Fire Chief

Harold E. Prime

POLICE CHIEF'S REPORT

Alton Police Department for 1968

The year 1968 was one of the busiest on record for the Alton Police Department. The largest increase in activity was Burglaries, of which forty-four (44) were investigated. Eighty-four (84) traffic accidents were covered, and another twenty-four (24) were reported to the Police Department. Alton was very fortunate in not having a fatal traffic accident.

1968 was a "building" year for the Department, and the special officers spent a lot of time in training classes. Sgt. Alden Brown attended the State Police Training School in Concord for five weeks.

The following is a summary of activities for 1968:

Buildings Checked	10,107
Accidents Investigated	84
Accidents Reported to Station	24
Summons Issued	124
Warnings Given	168
Defective Equipment Tags Issued	117
Motor Vehicle Checks	390
Doors and Windows Found Unlocked	51
Complaints Answered	535
Dog Complaints	32
Aids to Other Departments	127
Special Officer Assignments	151
Number of Hours in Court	82
Messages Delivered	54
Number of Burglaries	44
Number of Attempted Burglaries	1
Escorts	6
Number of Persons Transported to Hospitals	20
Cottages Checked	102
Criminal Arrests	20
Street Lights Out	11
Lodgers	2
Fires	19

Untimely Deaths	6
Missing Persons	1
Calls for Oxygen	6
Parking Violations	9
Stolen Vehicles	1
Stolen Vehicles Recovered	4
Stolen Trailers	2
Stolen Boats	2
Funeral Details	7
Wedding Details	2
Traffic Details	1
Animals Killed	1
Miles Patrolled	48,897

I would like to take this opportunity to thank the Selectmen, the Alton Special Police Officers, and all other county and state law enforcement departments for their help and co-operation during the year 1968.

Respectfully submitted,

Charles W. Wheeler
Chief of Police

REPORT OF THE ALTON WATER WORKS — 1968

The water main pipe on the east side of the Bay from the Freese property to the Curtis Development was renewed with two inch galvanized pipe. New service connections and a new connection was made and attached to the main pipe for water service to the property owners in the Curtis Development. The necessary easements and agreements were prepared, studied and signed by Mr. Curtis and the town officials. The town is taking over the supplying of water to this development and the ownership of the existing main water pipes in this development area.

The grounds around the reservoir on Bay Hill and around the pumping station near the fire station were cleared of brush and mowed, improving the appearance and making an accessible area to the river for fishing or recreation. The well and pump area at Levy Park should be cleared of brush and cleaned up.

Approximately thirty new water meters were bought and installed this year.

The system appears to be working well with no major problems.

Alton Water Commissioners
Herbert Card, Superintendent
Harvey Woodman, Chairman
A. William Heidke, Clerk

Regulations For Customers of the Alton Water Works

Town shutoffs are to be used by or with the consent of the Water Commissioners. These shutoffs are the valves located nearest the water main pipe.

Any town water valve or shutoff disturbed or dug up shall not be covered until inspected and approved by the Water Commissioners.

All customers on summer Water Mains are responsible for securing their water piping before April 19 of each spring to receive the Town Water when the lines are turned on. This usually consists of closing their main control shutoff preventing the water from entering their homes until they are there to check their system for breaks or leaks. The summer Water Mains are shut off on the Monday following the twelfth of October of each year to allow customers ample time to drain their systems.

Customers of the Alton Water Works with meters are responsible for damage to the meters such as freezing.

No plastic pipe is to be used on buried services unless approved by the Water Commissioners and any plastic pipes used above ground shall have a pressure reducer in use to reduce the water pressure the plastic pipe is exposed to.

Any use of Town Water to buildings or apartments other than those known to the Water Commissioner is prohibited without first obtaining permission for same from the Water Commissioners.

BUILDING INSPECTOR'S REPORT

CHARLES H. JONES
Building Inspector

AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the Tax Collector, Town Clerk, Treasurer, Municipal Court, Trustee of Trust Funds, and Town Officers Surety Bonds for the Town of Alton, New Hampshire for the year ending December 31, 1968 and find them correct in all respects.

Joseph R. Houle

Marion Kimball
Auditors

INFORMATION BOOTH

Labor Day, 1968, completed the 13th year the Information Booth, sponsored by the Alton-Alton Bay Chamber of Commerce, has been in operation.

The Booth is open weekends from May 30th to the third weekend in June, then daily until Labor Day.

More than 4000 people, coming from most every state and many foreign countries, registered.

Eight thousand activity schedules and posters were distributed again this year; many were mailed in answer to requests.

The attendants are most anxious to assist in any way possible. Do not hesitate to call between 10:30 and 5 o'clock. The telephone number is 875-7200.

Respectfully submitted,

Gladys E. Howe
Secretary

ALTON RECREATION PROGRAM — 1968

The summer recreation program started on July 8th and continued through August 9th. There was an average attendance for the five weeks of fifty children. They participated in group games, quiet games, singing, dancing, arts and crafts, swimming, and other individual activities. The group took trips to:

Natureland—Lincoln, N.H.
Wellington State Park—Bristol, N.H.
Wentworth State Park, Wolfeboro, N.H.
White Lake State Park—Tamworth, N.H.
Ellacoya State Park—Gilford, N.H.

and hiked to:

Blue Jobe—Rochester, N.H.
Red Hill—Moultonboro, N.H.
Abenaki Tower—Wolfeboro, N.H.

Seventeen out of approximately fifty participating children passed the Red Cross swimming lessons that were held for two weeks at Half Moon Pond.

This year the efforts of the recreation group were geared toward a parents' night. The program was held on Thursday evening, August 8th. The younger children participated in a march of "Community Helpers". Each child had a paper costume which represented someone whose service is important to the community. Twenty-four children were Indians and performed an Indian dance. The older children performed on the mats. They did both single and double stunts. There were exhibits of projects for the parents to observe and punch and cookies were served.

This year certificates were awarded to the children who actively participated in the recreation program. The certificates were awarded on the basis of attendance, the number of projects completed, participation in swimming lessons, and special activities. On parents' night sixty-one certificates were given out and eight special awards for special effort.

This year was easier on all with four helpers, instead of only three. Those working were Gerine Piper, director, Rosie Wallace, Cindy Boles, and Melody Wyman.

Respectfully submitted,

Gerine Piper
Director

Parks and Playgrounds Report

The purpose of the Parks and Playgrounds Committee is to assist the Selectmen, the Superintendent of Public Works, and the Recreation Directors in planning, preparing work, programs and budgets.

The 1968 Summer Recreation Program was directed by Miss Gerine Piper. Plans are to continue this program in 1969.

The 1968 Winter Recreation Program was directed by Mr. Harold Finethy. Several "Ski Bus" trips were made during school vacations and weekends to the county owned Gunstock Ski Area. This program was made available to all Alton school students as well as our seasonal property owners' children of school age. Mr. Finethy has also directed the building and maintaining of the public ice skating rink on the marsh opposite the Central Fire Station.

Improvements at Harmony Park Beach have been completed with the construction of a rest area shelter, picnic tables, and drinking fountain. These improvements were made possible with the use of funds donated by the Alton Barbershoppers' Jamboree Committee.

The Edgerly Band of Rochester, N.H. presented two concerts during the summer. Additional concerts and programs were made possible by the Trustee of the Gilman Fund and the Chamber of Commerce. Two concerts are planned for 1969.

The Parks and Playgrounds Committee has requested that the Selectmen consider the construction of new public rest rooms on the west side of the Bay area near the present facilities. The existing rest rooms are located in one of the former railroad handcar buildings. This structure is over sixty years old and was remodeled by the town in 1940. The present building is difficult to maintain in a sanitary condition. The plumbing is old and repairs are frequently required. The Committee recommends the construction of new rest rooms with provisions for heat for future winter use, when needed.

The Committee would appreciate receiving recommendations as well as criticisms on any matter that pertains to this department from year round residents as well as summer residents of Alton.

Respectfully submitted,

Harold Prime, Chairman
Richard Downing, Clerk
Robert Jones
Ernest Batchelor
Francis J. McGrath

Report of the Superintendent of Public Works

I respectfully submit my second report as your Superintendent of Public Works.

Last year some changes were made in the work load of the Public Works Department.

The Highway Department took over the snow plowing of the Central Fire Station yard at Route 140, as well as the snow plowing of the Water Department buildings at the same address, and the new road into the reservoir on Bay Hill. The plowing is done with no charge to these departments, thus making a saving for them. This work was formerly done by private contractors.

The Highway Department plows out the parking lots and play yard at the school, and has also taken over the snow removal from the hydrants and fire alarm boxes throughout the Water Department system.

The Highway Department has also taken over the Safe-T-Guard service of the Fire Department, i.e., lubrication, oil change and tire inspection, etc., as done in a service station, with records kept and given to the Fire Chief by the Superintendent of Public Works. This was done with approval of the Board of Selectmen and Fire Wards.

Cemeteries

Under the Public Works Department there have been some changes in the Cemetery Department. The custodian has been given help by the Highway Department when needed and a man was assigned to help the custodian full time. The Parks and Playgrounds custodian had charge of the work in the cemeteries, old and new. Three new mowers were purchased by the Public Works Department for use in the cemeteries. Before 1968 the mowers were rented by the town from the cemetery custodian. Their purchase will assure the town that the equipment will be in good condition each year.

Before last year, the cemetery custodian received payment from the undertakers for opening and closing the graves. This was changed, and the payments now come from the undertakers to the Cemetery Department. This money was used to do more work in the cemeteries. The Cemetery Department repaired and straightened thirty-seven (37) stones and put new concrete bases under ten (10). New sod was put on five (5) large lots. Lime and fertilizer were put on some sections of grass. Limbs were removed from trees and five (5) new trees were planted in the new cemetery and turned over to the cemetery custodian for his care. These trees were given to the town by the Garden Club of Alton. Six new bib cocks were put on the water system

in the old cemetery and the pump system was repaired at the new cemetery.

Town Dump

The Dump Department runs along as usual. The dump was covered with gravel twice this year after sections were burned and pushed over the bank. Under state law, in two to three years the Public Works Department will have to change the way it handles the dump. We will have to go to land fill, a system whereby we will not be allowed to burn this material. The material will be covered each day with gravel, and the cost will be higher. This system, or some such system, should be used.

Summer Program

The Highway Department graded a new ball field for the School Department. This was part of a project started by the Headmaster, Mr. Brown, and Superintendent of Public Works, Harold Copeland, and will be continued in 1969.

The Highway Department removed two trees and put sand on the beach at Half Moon Pond, rebuilt the beach at Alton Bay, and worked on the new park area at the Bay for the Park Department.

Last summer the removal of rubbish by the park custodian was taken over by a private contractor, giving the custodian more time for other work.

One large maple tree and three dump truck loads of rubbish was removed from the park area at the old Bay school yard. This should be a nice area for the public use next summer.

4,700 gallons of waste oil was used for dust control on dirt roads. The oil was applied one hundred feet in front of each home of summer and permanent residents located on dirt roads in the Town of Alton at a cost of \$435.30.

The Highway Department installed one hundred and thirty-six (136) feet of new culvert throughout the town:

- 24 feet of 15 inch concrete pipe, Ham Woods Road
- 20 feet of 15 inch aluminum culvert, Muchard Hill Road
- 20 feet of 15 inch aluminum culvert, Youngstown Road
- 20 feet of 15 inch aluminum culvert, Road #76, Alton Mt.
- 20 feet of 12 inch aluminum culvert, Porter Road
- 32 feet of 4 inch perforated pipe, South Alton*

* This pipe was laid at the corner of Route 28 and Prospect Mountain Road, going from Joe Hillsgrove's store. This was a condition where water came up in the middle of the road every year for the past fourteen years and made a bad mud condition in the spring. In the winter the ice built up to six inches thick. The Highway Department found a pipe made of wood two and one-half feet below the ground. This water was coming from a

well 200 feet up the road on the line of a stone wall and the roadway. This pipe was beyond repair. This condition was corrected by putting perforated pipe, crushed stone and new top gravel in this area.

The Highway Department put in a storm drain and basin and twenty feet of 10 inch concrete culvert at the Catholic Church and a twenty foot aluminum culvert at the Congregational Church property on Church Street.

Forty-two miles of ditches were cleaned and culverts opened. One man who has worked for the Department for twenty years did not know of the existence of some of the culverts that were located.

The Highway Department cleaned a storm drain in the center of town at the White Lodge 100 feet long and had to use a 200 pound water pressure pump to open it up.

Town Road Aid

The Highway Department, along with State Highway Department, worked on two sections of town roads.

Balance 1967-1968	1,214.32
State Contribution July 1, 1968	10,356.98
Town Appropriation July 1, 1968	1,553.55
	<hr/>
	13,124.85

2.376 feet of Old Wolfboro Road was widened, graveled, drained, and ledge removed, beginning below Ralph Alden's and up to Jeff's. One catch basin, concrete culverts, headers, and two aluminum drains were installed. Ditches were made on the sides of the road and shoulders were built along the ditches. One foot of gravel was layed in place and graded.

Cost	7,916.14
------	----------

At the Stockbridge Corner Road, from the end of existing tar, 2798 feet was graveled and three inches of Farmer's Mix Tar put on.

Cost	4,499.83
	<hr/>
Balance	\$ 708.88

This statement checks with the Accounting Department ledger in Concord.

\$703.00 was credited to the \$2500.00 Estimated Revenue for Rental of Highway Equipment.

Revenue of \$3,183.85 was received from Rental of Highway Equipment, leaving a balance of \$683.85 which was credited to Summer Maintenance, Winter Maintenance, and Tarvia.

Trees

The Highway Department took down thirty-seven (37) Dutch Elm diseased trees and removed them to the dump, where they were burned. The cost for this service was \$550.00. In 1969, the Highway Department could use three times this amount to remove old trees. Many are in the Power Company wires and it will be necessary to use a tree service to remove them. Each year there are more trees with tags put on by the state and many more on the roads where the state does not go. With this increase of diseased trees, it will not be long before all the elm trees in the town will be gone.

The Public Works Department spent \$405.00 for spraying trees. \$180.00 was spent spraying for satin moths from the band stand at Alton Bay to the traffic circle at Routes 28 and 11. \$225.00 was spent for spraying gypsy moths starting at Davenport's on the east side of the Bay and up to King Birch Motel on the west side, then down to the cemetery at Barr's Farm. This work was done by S. A. Bartlett Tree Experts of Meredith, N.H.

Town Road Program

1968 Appropriation	8,000.00
1968 Expenditures	6,900.45
	<hr/>
Unexpended	1,099.55

On the Alton Mountain Road a distance of 1255 feet was graveled and rough graded. The road was raised twelve inches.

A stone wall was built in front of the Willard Mudgne house to hold the dirt after the road was widened, leaving a three foot bank.

On Bay Hill, from the end of the existing tar, a distance of 654 feet was widened, excavated, ledge removed, graveled and graded, ready for tarvia. After tarvia was in place, hot top was used to make ditches or gutters.

At lower Bay Hill, a distance of 430 feet from Route 28A, hot top was applied and leveled with the grader and then rolled.

Under Article 8 of the town warrant, the sum of \$3,700.00 was appropriated to rebuild and resurface Riverside Drive. The Public Works Department rebuilt the road, laid 160 feet of culvert for storm drains, and raised the road 18 inches along the property lines of Verna Potter, Wesley Flanders and William Gray. The road was resurfaced with three inches of Farmer's Mix Tar. This was also seal coated under the Tarvia Program. The cost of same to the town was \$2,718.99.

Tarvia

48,000 square yards of surfaced road were seal coated and a penetrating coat of tar applied. The town cost of \$0.1155 per square yard is well below the New Hampshire Bituminous Co. price of \$0.29 per square yard in place.

The amount of \$1,631.04 was billed for work on non-public roads and private work during 1968.

Respectfully submitted,

Harold Copeland
Superintendent of Public Works

A. REPORT OF SCHOOL DISTRICT TREASURER

For The Fiscal Year July 1, 1967 to June 30, 1968

Summary

Cash on Hand July 1, 1967 (Treasurer's Bank Balance)	\$ 6,348.42
Received from Selectmen Current Appropriation	\$207,424.69
Revenue from State Sources	25,000.83
Revenue from Federal Sources	4,770.08
Revenue from Tuitions	589.00
Received from All Other Sources	5,444.66
	<hr/>
Total Receipts	\$243,229.26
	<hr/>
Total Amount Available for Fiscal Year	249,577.68
	<hr/>
Less School Board Orders Paid	248,022.47
	<hr/>
Balance on Hand June 30, 1968	\$ 1,555.21

AUDITOR'S CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the Treasurer of the School District of Alton of which the above is a true summary for the fiscal year ending June 30, 1968 and find them correct in all respects.

Auditors:

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and the Citizens of Alton School District: I respectfully submit my third report as your Superintendent of Schools.

The State Department of Education has the responsibility of determining if the facilities and program of studies meet the established standards for classifying the Alton High School as comprehensive and the Junior High School as approved. As a result of this evaluation, the High School has been designated as "Comprehensive (provisional) status for the 1968-69 school year." They continued by indicating that unless the Fine Arts Program was upgraded to meet minimum comprehensive standards the approval designation could be changed to "Approved school status in June 1969."

The art program is limited in offerings and in facilities. The storage area is not adequate, the size of the classroom is substandard and the variety of media are not adequate for a comprehensive program. The administration and School Board have reviewed the total problem and have taken steps to improve the area of art. A full time teacher, more material for the teaching of different media, and some necessary equipment have all been included in the proposed school budget. Little can be done to improve the facilities until Alton considers a building program.

The Alton High School is accredited by the New England Association of Colleges and Secondary Schools, Inc. The school was evaluated two years ago and was granted a provisional approval requiring a two year progress report to be completed. Slight progress has been made but there is the need for greater progress. In a letter received in the fall of 1968, it was indicated: "The Commission was pleased with the progress made, but is of the opinion the community should take steps to provide a physical education program with full-time personnel, expand the art program, and the guidance services, and probably employ a full-time foreign language teacher. They are also concerned over the apparent need for additional space to provide for an adequate art program, and to reduce some excessively large science classes. A five-year progress report is due on June 1, 1971, but the Commission is requesting an interim report be submitted prior to December 1969."

The Administration and School Board are very concerned over these needs and have included specific steps and recommendations in the 1969-70 budget. Without community support for the improvement of these areas, the accreditation by the New England Association of Colleges and Secondary Schools could be jeopardized. Without making strides to

improve the arts, and strengthen the offering in foreign language, physical education, and sciences, the comprehensive approval of the high school could be denied.

Besides the complications at the secondary level, there is developing a serious problem at the elementary level. It became necessary to establish two classes of first graders. This group will move into the second grade level, still with the need for two teachers. All factors presently known indicate the need for two teachers for the entering first grade for September 1969. If this trend continues, it will become necessary to provide two teachers for each grade in the elementary school instead of the present one for each. A Building Committee will need to determine and recommend to the voters the best solution to the problem. If additional facilities are planned it should include not only doubling the size of the elementary school but should also provide for expanding the high school. The Cooperative Study Committee should also take another look at other alternatives to solving the educational and facilities problem. Many important decisions will face the voters in the next year or two.

I want to acknowledge the fine leadership being provided by David Brown, Principal, and the sincere cooperation and understanding on the part of the School Board. The citizens should be proud of the present people serving on the School Board and realize that each member has worked diligently for the best interest of the students and the citizens of Alton.

Respectfully submitted,

DAMON R. RUSSELL
Superintendent of Schools

C. REPORT OF ASSISTANT SUPERINTENDENT

To the members of the Alton School Board and the citizens of Alton:

It is my pleasure to submit my second annual report as the Assistant Superintendent of Schools.

Under the excellent leadership of Mr. Brown the educational efforts of Alton have progressed well over the past year. Mr. Brown's second year as principal has brought more stability and understanding of the problems of the district, thus resulting in a smoother operation.

The rapidly increasing enrollment in the lower grades has placed immediate pressures on all concerned. This also is a problem which will continue to become more severe as this bulge moves upward through the system. The increased enrollment has created difficult classroom situations. It has strained the budget for additional supplies, text books and furniture, and it has placed a burden on the administration and school board in developing the proposed 1969-70 budget.

The elementary school began work in the new reading text books this fall. The program has operated smoothly in Alton, and the staff feels that the new adoption is better taking care of individualized differences in the students.

The teachers of Alton have joined with other teachers in the Union in order to select materials for the 1969-70 social studies updating. With the adoption of social studies, the cycle of text book adoptions will near completion, and Alton's elementary school will not contain any outdated text books in major subject areas.

A new testing program went into effect this fall. This has allowed teachers to better discover the weaknesses of students both individually and as a class. Through continued use of the test results, better education for each individual student is expected.

Alton did not experience a large turn-over of teachers between the 1967-68 and 1968-69 school year. This is a major factor in the smooth operation of the school during the past year. If we can continue to hold the good teachers, and I believe Alton can, continued quality education can be expected.

At present Alton's biggest problem is the rapidly expanding elementary school population. If a solution can be worked out for this, the other areas of the educational endeavor of the district are presently progressing well. A dedi-

cated school board, excellent local leadership, a staff that has been in Alton for more than one year, and good supplies, materials, and facilities will continue to result in a good education for the youth of the district if the enrollment problem can be solved.

I have enjoyed working with the School Board and the citizens of Alton, and I look forward to a successful spring.

Respectfully submitted,

DALE F. DOUGHTY

REPORT OF HIGH SCHOOL PRINCIPAL TO THE SCHOOL BOARD AND THE CITIZENS OF ALTON

I respectfully submit my second annual report:

The Alton Schools comprise the Memorial School and Memorial School Gymnasium constructed in 1955, and the Alton Central School constructed in 1964. The Alton School District, established in 1803, is one of four New Hampshire School Districts that form the Governor Wentworth Supervisory Union No. 49.

Memorial School:

Currently the Memorial School supports one hundred and ninety-one students. We have seven full time elementary teachers in grades one through six, yielding an average teacher-pupil ratio of 1 to 27.

Our special education and reading programs are housed in the elementary school, along with a temporary office-library for the teacher aide.

The following indicates student growth in the Memorial School:

1963-64	1964-65	1965-66	1966-67	1967-68	1968-69
161	181	161	163	169	191

Based on the town census report, we were able to arrive at the figure of 211 for the 1969-70 elementary school enrollment.

Central Junior High:

At the present time we have one full time Junior High

school teacher. Members of the Senior High staff have Junior High school classes on their schedules, in order to complete the Junior High program. The enrollment figures for the Junior High School over the past six years are as follows:

1963-64	1964-65	1965-66	1966-67	1967-68	1968-69
37	44	43	53	63	71

We have reason to believe at this time that there will be a slight increase next year, over this year's enrollment figures.

We have incorporated a two-track program on the Junior High level this year, attempting to cut down on class sizes and to make room for individual ability grouping. The entire Junior High School athletics program has been revised, allowing us to provide seventh and eighth grade boys and girls with soccer, basketball and baseball. The present response is beyond our expectations.

Alton Central High School:

The Alton Central School has reached a landmark in terms of student enrollment. This year our enrollment exceeded one hundred.

1963-64	1964-65	1965-66	1966-67	1967-68	1968-69
85	86	82	76	77	103

In order to offer a more meaningful program of education for all of our students, I feel, as other principals have felt in the past, that it is necessary to create the following teaching positions:

Art	Grades 1-12
Physical Education	Grades 1-12
Guidance	Grades 1-12

The attempt here is to extend to each and every student in Alton an equal educational opportunity. If he is being narrowly specialized to fit into a niche in life with a real possibility of very limited choices, he has been mis-educated. Each year should open new doors for him and develop new abilities to enable him to go through these doors as he chooses.

The Alton School Libraries have made two important changes this year. The reading collection for Grades 1-4 have been moved to the Teachers' Room in the elementary school where Mrs. Ellison is in charge of checking the books in and out. Portable book shelves were taken from each classroom to house the books and these are almost filled. The professional books, magazines and catalogues for the elementary teachers are there also, they are used and appreciated much

more than before.

In the main library, we have twelve feet of steel shelving, six feet high, to house the back issues of the magazines to which we subscribe, along with some which are given to the Library. The magazines which are indexed in the Abridged Readers' Guide form an important reference source for students and teachers. With the new shelves, we are able to organize the magazines for easy accessibility and students are using them more and more.

A detailed inventory of the book collection was taken this summer and it revealed that we had approximately 4,500 volumes and 3,300 titles. This is approximately one half of what the well-stocked school library should have, so we have a long way to go still. The elementary collection continues to be the weakest spot, with 725 volumes for 119 students.

We are continually grateful for the many gifts of books and magazines which townspeople and students have so generously given. These are a tremendous help in building a good library collection. With the collection growing at the rate of almost 500 volumes per year, we are rapidly approaching the time when we will have to expand our stock area. Fortunately, the library was built with plenty of room for expansion, so this will be only a matter of more bookshelves.

We have had a successful year and are looking forward to many more years of growth and service.

David M. Brown, Principal

PROGRESS REPORT OF COOPERATIVE STUDY COMMITTEE

The Cooperative School District Planning Committee was formed as a result of an article in the 1967 School Warrant. The members of this committee were appointed by the Moderator and are Mr. Kenneth B. Gilbert, Chairman; Mrs. Gwyneth Brooke and Mr. Harold W. Finethy, Jr., to serve for a three-year term.

The duties of the committee are spelled out by law, but essentially its purpose is to evaluate the possibility and feasibility of joining or forming a cooperative school.

This committee is acting as a fact-gathering group letting the facts determine their recommendations.

This report shall not concern itself with the fine shades of legal definition between, Area, Regional and Cooperative

School Districts, and we shall use the term "Coop" throughout this report.

Our first step was to determine what we now have. This from the standpoint of curriculum, enrollment, physical plant, student test evaluation, State and Federal aid, and the cost of administering the present program. One disturbing factor throughout the study is the rapid obsolescence of our findings. These had to be constantly revised and updated.

CURRICULUM

Alton's curriculum was compared with that of several surrounding communities and also that recommended by the State Department of Education. Generally speaking the comparison was more favorable than originally supposed. The following weaknesses were noted:

1. The offering of certain courses on alternating years.
2. The larger schools had an adequate student population to provide three tracks (fast, average and slow learners) in many subjects.
3. No physical education program.

Closely related to curriculum was our study of differences between a fully Comprehensive Accredited School as opposed to an Approved School. The committee believes it is a necessity for Alton to maintain our Comprehensive Accredited School rating.

ENROLLMENT PROJECTION

A sound enrollment projection was important to the study for obvious reasons. (See Chart I).

This projection did not show any noteworthy increase until the 1968-69 school year and continues to increase for 1969-70. However, our present school facilities have reached its physical capacity from the standpoint of classrooms, though particular classrooms can accommodate more students.

COST PER PUPIL

The Coop Committee is also concerned with Cost-per-Pupil studies (See Chart II), and this relates directly to student enrollment. Up to a point a greater number of students can lower the "per pupil" cost. As a guide a cost-per-pupil study is informative, but the Committee was cautious in placing too much weight on this as a standard for measurement. Many variables such as transportation and capital outlay can materially influence the total. Also a given number of

students added to a small student population such as Alton's would show a more pronounced favorable effect than the same pupil increase in a large school population.

STATE AID

A cooperative school district receives the following State Aid, which an independent district such as Alton does not.

1. State pays for each Elementary Pupil \$45.00
2. State pays for each Junior High Pupil \$60.00
3. State pays for each High School Pupil \$75.00

The Committee noted that Alton is getting a lot more mileage for our dollar than most schools.

STUDENT TEST EVALUATION

The Committee included a study of test evaluation. Its purpose is to compare our students with others based on the same test. The question, "Are we successfully accomplishing our teaching purpose and to what degree?" would have a direct bearing on the results of our findings. This study must be evaluated over a continued period of time and the results compared with previous years. At this point we are evidencing encouraging progress. The Committee explored the following alternatives:

1. Farmington, Middleton, Milton.

The above Coop Committee excluded Alton as they felt this would require more extensive building commitments than were practical.

2. Gilmanton.

The Committee made several attempts to contact them. Gilmanton is tied in with Laconia and Gilford in an Area Study Committee at the present time.

3. Pittsfield

The Committee met several times with the above group and with an informal group consisting of Pittsfield, Barnstead, Epsom, Chichester, Northwood and Alton. At the time of our meetings, their problem was one of over population and ours was of under population in the high school, but with fully-utilized classrooms. An excerpt from the minutes of the meeting of April 3, 1968, reads as follows: "A proper 7th and 8th grade program, not now available in Barnstead, Northwood, Chichester and Epsom, needs to be provided for all six school districts. This could be done by means of a new 7-12 facility serving all six." The need for an improved 7th and 8th grade program is not as pronounced in Alton, as our Junior High School is fully accredited. Our interest therefore would

be confined to High School students only from the standpoint of a lowered per-pupil cost and improved curriculum. A further excerpt from the minutes of this meeting states: "It was concluded that this scheme would not be practical for Alton and Northwood." Our Committee agreed that it would not be to Alton's best advantage to continue further study in this direction. It was agreed that Alton should withdraw, but the door would be left open for further discussion if opportunity to our advantage presented itself.

4. Barnstead

Our approach with Barnstead was an attempt to influence them to tuition to Alton those students presently tuitioned to Pittsfield on an annual basis. Subject to community and School Board approval, we would consider offering them:

- a. A long term tuition contract rather than on an annual basis.
- b. Representation on our School Board.
- c. a competitive tuition rate per pupil.

The obvious advantage to Alton would be an increased enrollment in those upper grades presently under populated. This would produce a lower per-pupil cost. It would also provide Alton with an excellent additional source of revenue far beyond any additional expenditures required.

The Barnstead School Board, while agreeing that our offer was tempting, indicated that they are well pleased with their arrangement with Pittsfield. They are traditionally oriented in that direction, and they preferred not to make any change at this time.

5. Governor Wentworth District

The Committee met with representatives of the Governor Wentworth School Board. The only avenue open to Alton would be to petition to join the district, grades 1-12, subject to an approved vote of the respective districts.

RECOMMENDATIONS OF COMMITTEE

1. Alton must immediately make plans to enlarge its physical school plant, either by an addition to the present facility or a new building. We base this observation on present enrolment projections and the now full utilization of all classrooms.
2. The committee is also of the opinion that certain legislative action is required to correct State Aid inequities

between independent school districts and those defined as Area, Regional or Cooperative School Districts.

3. The committee cannot emphasize too strongly the necessity of maintaining our Comprehensive Accredited School rating. It is vital that the community of Alton continue to support these educational standards.

It has been the intent of the committee to familiarize the community with the high points of our study to date in this Progress Report.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School district of Alton qualified
to vote in district affairs:*

YOU are hereby notified to meet at the High School Gymnasium in said district on the eighth day of March 1969, at 2:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the salaries of school district officers and agents and for the payment of statutory obligations of the district.
9. To see if the District will authorize the School Board to appoint a seven member building committee and raise and appropriate \$2,000.00 to enable the School Board to employ an architect for the purpose of obtaining pre-

liminary plans and cost estimates. (Recommended by the Budget Committee).

10. To see if the District will vote to provide Physical Education instruction as a regular part of the Alton School System and raise and appropriate the sum of \$6,904.00 to implement the same. (Not recommended by the Budget Committee).
11. To see if the District will vote to raise and appropriate a sum of \$9,000.00 as a deficit appropriation to be applied against the 1968-69 appropriation, this sum to be turned over to the School District prior to June 30, 1969. (Recommended by the Budget Committee).
12. To see if the District will vote to raise and appropriate a sum of \$1,800.00 to establish a contingency fund to meet the cost of unanticipated expenses that may arise during the year. (Recommended by Budget Committee).
13. To see if the District will authorize the School Board to make application for and receive in the name of the District such advances, grant-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any Federal or State Agency.
14. To transact any other business which may legally come before said meeting.

Given under our hands at said Alton this 10th day of February, 1969.

MARION L. MacDONALD
KENNETH B. GILBERT
ALICE S. ZIEGRA
